

# KENDRIYA VIDYALAYA SIKH LINES MEERUT CANTT

## HARIT VIDYALAYA SAWACH VIDYALAYA

Schools are important part of any community. Students not only learn or grow but can do a lot for the cleanliness and greenery in the school. Being In-charge of school Eco-Club students are motivated to develop environmentally conscious habits at school like:

- 1- Plantation in Vidyalaya on the occasion of “VAN MAHOTSAVA”.
- 2- Botanical nomenclature of plants, planted in Vidyalaya campus.
- 3- Awareness program on Earth day, International Labour day , World health day, World Environmental day, World food safety day, International day of yoga, World population day (11 July) etc.
- 4- Awareness programme for wild life conservation.
- 5- To motivate students for participation in green school programme.
- 6- Collection of newspaper cutting etc. of extinct and endangered species for making “mini red data book”.
- 7- Awareness about flora and fauna of India.
- 8- To acknowledge about national parks and sanctuaries of India.
- 9- Putting dustbin near the canteen and in the brown where the students take their lunch etc.

Along with this in the morning assembly students are encourage to pick up trash where they see it and throw it into dustbin – by doing this they can set an example for others. Employees like sweepers are instructed time and again to not only clean the toilets at least twice during school hours but also provide adequate water and disposal facilities like dustbins etc. dustbin are provided in every class. Vermin-compost pits are also dug and students are taught about the process.

Students are advice to bring steel lunch boxes and stop using plastic disposable water bottles.

Last but not the least a student body or club will look after clean up, recycling, planting or composting programme.
